Anne Marie Brady
Senior Analyst

Dear Ms. Brady,

I have today filed amendments to both our 10/15/05 quarterly report and our 2005 year end report.

It was necessary to file the amendment to the 10/15 report as we received notice on February 9, 2006 of an in-kind contribution/disbursement that had been made on September 12, 2005. We were unaware of this until we received the letter.

In addition, several contributions were received by our committee on January 3, 2006 that were dated in September. They were entered into the system as of the date on the checks not the date we received them.

Both of these changes affect that final balance of the 10/15 report.

The year end report was amended to reflect the new beginning and ending balances caused by changes to the 10/15/ report.

Marlys Matuszak

Treasurer
